**Boltza® Light Rnage Hose Clamps:** It conforms to the DIN 3017 standard. The clamp has a wide range of adjustments. The clamp has constant stress during tightening and has high intensity of torsion and compression. It is used to fasten the hose on narrow spaces of a pipeline. Besides the anti-corrosion function, it can protect the surface of the hose from damage. With smooth screwing and reusing function, it is the ideal fastener for soft and hard pipe connections.

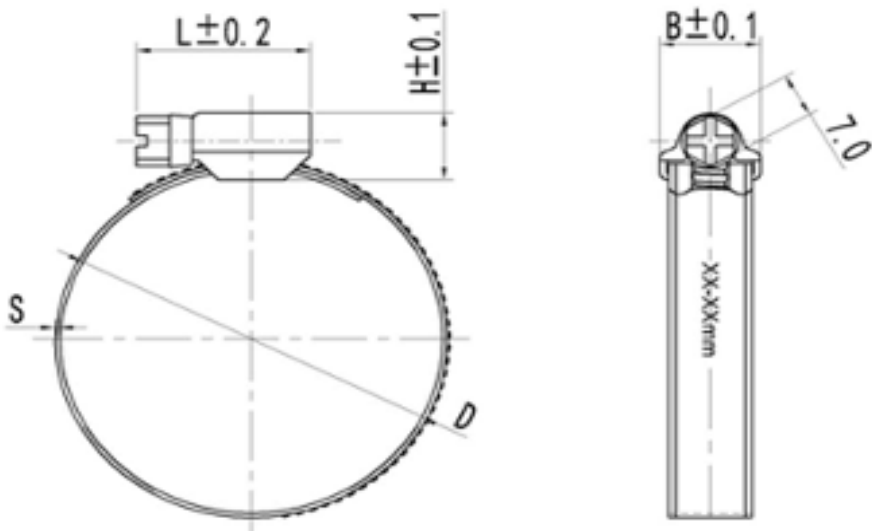

**Product Specification:**

- Material: W1 Zinc Plated& W4 Stainless Steel
- Fastening Type: Phillips
- Non-Hazarduos Product
- Clamps are RoHS compliant

**HS Tariff Code: 73269092**
